

STATE OF ARKANSAS

Fiduciary Tax Return and Instructions

GENERAL INSTRUCTIONS

The Fiduciary Return is used to report the income of an estate or trust. Every fiduciary, or at least one of the joint fiduciaries must file a return for the estate or trust for which he acts, provided:

1. Any income of such estate or trust is currently distributable.
2. The tax is payable by the beneficiaries or by the grantor.
3. The net income of such estate or trust is \$3,000.00 or over.
4. Any beneficiary of such estate or trust is a nonresident.

The line by line instructions contained in this booklet apply to both the AR1002, and the AR1002NR tax forms.

File the Form AR1002 or the AR1002NR for the calendar or the fiscal year. Fiscal year returns must be filed on or before the fifteenth (15th) day of the fifth (5th) month following the close of the fiscal year (Calendar year returns on or before May 15). Application for extension of time for filing may be granted if good cause exists and the request is made before the date prescribed by law for filing such return. The year should be indicated in the space provided on the top right of the form. If you do not file for a calendar year fill in the tax year space at the top center of the form. The moment of death determines the end of the decedent's tax year and the beginning of the estate's tax year.

The Federal Employer Identification Number must be entered in the space provided on the top right side of the form. A separate Employer Identification Number is required for each estate or trust. Indicate by checking a box whether you are filing an original return, or an Amended Return. Fill in the exact name of the estate or trust in the area provided.

INTERESTS AND PENALTIES

Interest will be charged on taxes not paid by their due date, even if an extension of time to file is granted. The law also provides a late filing penalty and a failure to pay penalty.

UNDERPAYMENT OF ESTIMATED TAX (FORM AR2210)

You may have to pay an additional charge if the tax you owe is more than \$1,000 and you owe it because you did not file a Declaration of Estimated Tax required by Arkansas Tax Codes, or you did not pay adequate installments on your estimated tax.

If you are claiming an exception from the Underestimate Penalty, enter the exception number in Part III of Form AR2210.

DISTRIBUTIONS TO BENEFICIARIES

The beneficiaries share of income is listed in this section. Include all information required. If additional space is needed attach a separate sheet. Any income properly paid, credited, or distributable to a beneficiary is taxable to the beneficiary.

Resident beneficiaries must include distributions from any estate or trust in their total Arkansas income to determine if an AR1000 should be filed. Nonresident beneficiaries who have distributions from an Arkansas estate or trust must file an Arkansas Individual Income Tax Return (AR1000NR) that reflects the total income received from an Arkansas source regardless of the amount of distribution.
